Highlight

A million more bees!

We at PEZ have set ourselves a very special goal: to make sure that there are a million more bees in 2021. That's why we've teamed up with Hektar Nektar, an initiative to protect bees. Our contribution will help to provide bee colonies for young beekeepers in Austria and Germany. A million more bees will contribute this year to achieving a functional ecosystem. This is our way of thanking the bees: without them, nature would be lacking in such wonderful diversity. Without them, there would be no strawberries, cherries, lemons, oranges or raspberries. And if it weren't for all of these delicious fruits, where would we get our inspiration for all of the different PEZ flavours?

PEZ GOES DIGITAL

The PEZ Play app can be download for free from the App Store. The games are unlocked by scanning a PEZ candy code. What's really exciting is that various PEZ candy codes are in circulation. These appear either inside packs of PEZ Fruit Mix or on selected PEZ dispenser boxes. All candy codes must be collected to gain access to all PEZ Play games. The child-friendly games encourage children to demonstrate their creativity, imagination and skill, and basically have fun.
